CircuLite™ Circular Feature Skylights

NATURAL DAYLIGHT SYSTEMS

Belray CircuLite™ Circular Feature Skylights

Features:

- CircuLite™ skylights and rooflights are manufactured in Polycarbonate, high impact and standard Acrylic in either clear, opal or tinted finishes.
- The standard size CircuLite™ skylight range varies from 750mm diameter to up to 2450mm diameter. Other sizes available upon request, but may be determined by the availability of material.
- CircuLite™ skylights are fabricated in Zinalume or Colourbond flashings in either square or round bases to suit timber, steel or concrete support upstands, powdercoated aluminium frames and bases are also available depending on specified requirements.
- CircuLite™ skylights and rooflights are also available with optional heat reducing alternatives P.O.A.
- Depending on the size requirement, larger CircuLite™ rooflights are more suitably fitted to a horizontal support upstand.

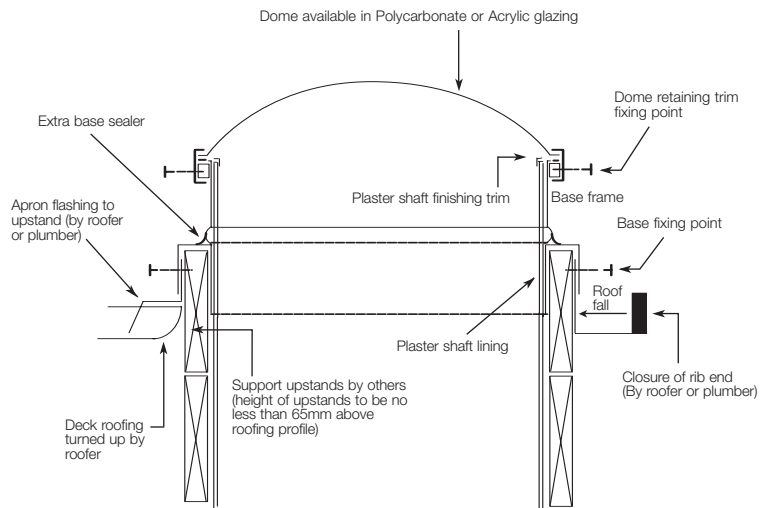

BELLE DESIGN - Specialising in natural daylight systems

CircuLite™ Standard Size Chart*		
diameter throat (mm)	actual throat size (sq.m)	ventilation area (sq.m)
700	0.49	Ventilation non-standard unless otherwise requested.
