

InsuLite™ Double Dome

Energy efficient light control

belle

Proudly Australian Made and Owned by **Belle Design & Manufacturing**

Belray InsuLite™ Double Dome

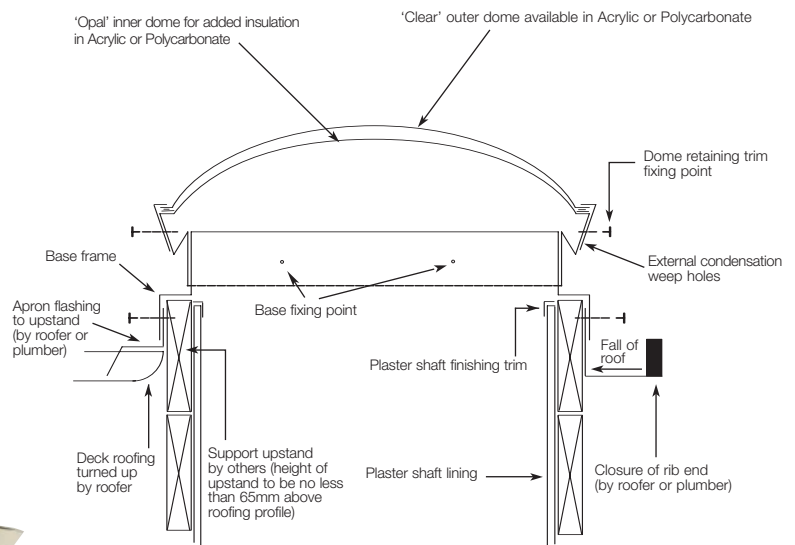

Features:

- The InsuLite™ Double Dome allows a mixture of Acrylic, high impact Acrylic and Polycarbonate domes to create a functional skylight that maintains and provides a good insulation plus security and strength in commercial applications such as schools, sporting pavilions, commercial warehouses, offices buildings and factories.
- InsuLite™ Double Dome skylights may be fitted with a security mesh.
- Ventilation fan can also be fitted to the InsuLite™ Double Dome skylight.
- Standard InsuLite™ Double Dome configuration comprises: 'Opal' inner dome covered by a 'Clear' outer dome.
- Suitable for all roof types, Colourbond flashings available to co-ordinate with roof colour (standard Zinalume or Galvanized).

InsuLite™ Standard Size Chart*		
size (mm)	actual throat size (sq.m)	ventilation area (sq.m)
