OpalLite™ & ClearLite™

NATURAL DAYLIGHT SYSTEMS

Belray OpalLite™ & ClearLite™

ease of installation

Features:

- Skylight domes are self cleaning, U.V. stabilised Acrylic available in clear, opal or tinted finishes.
- Standard size range available (refer size chart).
- Flexible shaft used in the system comprises a highly reflective fibre reinforced triple laminated fabric designed for skylights. The solar films ultra reflective inner surface delivers light entering the dome to the diffuser at ceiling level. The triple layer construction prevents any light leakage or U.V. breakdown.
- Skylight kit comprises dome & base, highly reflective flexible shaft, white ceiling trim and opal or prismatic diffuser.
- Suitable for all roof types. To match roofing material, bases available in Colorbond and Zinalume.
