

# SunTube™

The Tubular  
Skylight

*Energy efficient light control*

**belle**

Proudly Australian Made and Owned by **Belle Design & Manufacturing**

NATURAL DAYLIGHT SYSTEMS

**Belray SunTube™** high performance tubular skylights

Features:

- SunTube™ has a clear U.V. stabilised self cleaning dome.
- Flexible shaft used in SunTube™ skylight system comprises of a highly reflective fibre reinforced triple laminated fabric designed for skylights, the solar films ultra reflective inner surface delivers all light entering the dome to the diffuser at ceiling level. The triple layer construction prevents any light leakage or U.V. breakdown.
- Standard size range available 300, 400 and 500 diameter. The SunTube™ is designed for minimal structural alterations.
- SunTube™ full kit comprises dome & base, highly reflective flexible shaft, white ceiling ring and opal or prismatic diffuser.
- Suitable for all roof types. To match roofing material and profile SunTube™ bases available in Colourbond and Zincalume.
