adding daylight to life

Proudly Australian Made & Owned

OpalLite & ClearLite

Energy Efficient Light Control

Economical Daylight Systems

- OpalLite and ClearLite Skylights are ideally suited for domestic and commercial applications.
- The OpalLite skylight kit comprises of a skylight with roof flashing, highly reflective flexible shaft, white ceiling trim and opal or prismatic diffuser.
- The FlexiShaft used in the system is comprised of a highly reflective fibre reinforced triple laminated material designed for skylights. This material's ultra reflective inner surface delivers light entering the dome to the diffuser. The triple layer construction prevents any light leakage or U.V. breakdown.
- The U.V. stabilised acrylic is available in clear, opal or tinted finishes.
- OpalLite and ClearLite domes are also available in high impact acrylic and polycarbonate.
- OpalLite and ClearLite is suitable for all roof types.
- Available in Colorbond®, Zinalume® and galvanised finishes.
- Available with an exhaust fan option.

OpalLite & ClearLite Standard Size Chart*

size (mm)	actual throat size (sq.m)	ventilation area (sq.m)
400 X 400	0.16	0.059
500 X 500	0.25	0.081
