adding daylight to life

Proudly Australian Made & Owned

ThermoLite™ & ThermoLite™ PLUS

Energy Efficient Light Control

Quality, durability and high light transmission

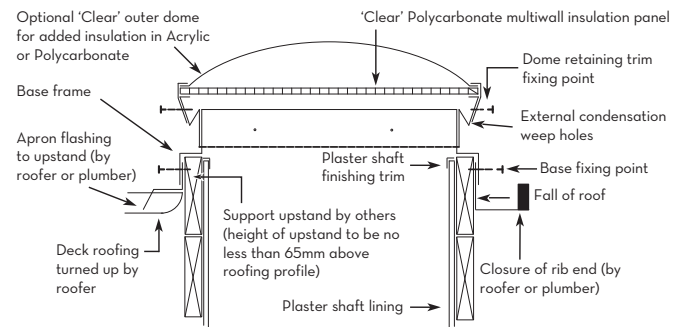

- ThermoLite™ and ThermoLite™ PLUS Skylights provide an economic alternative to commercial applications.
- ThermoLite™ and ThermoLite™ PLUS energy saving skylights offer quality, durability and high light transmission all year round.
- ThermoLite™ plus has a clear outer moulded, UV stabilised, insulating dome that provides extra heat reduction as well as promoting self cleaning.
- The ThermoLite™ and ThermoLite™ PLUS range has high impact strength properties and is virtually unbreakable, impact strength is over 250 times greater than float glass and at least 10 times greater than acrylic.
- Large standard size range from 500mm to 1200mm square. Custom sizes are available on request.
- Suitable for all roof types and roof pitches.
- Available in Zinalume®, Colorbond® and galvanised finishes.

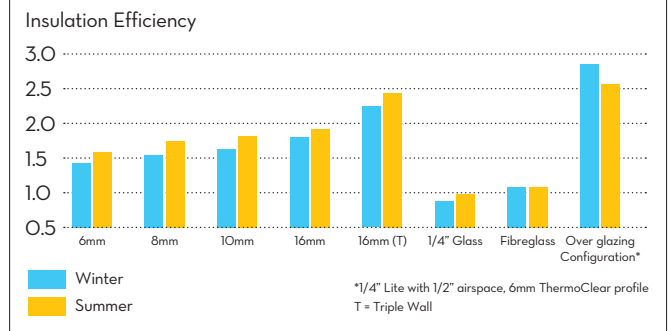

ThermoLite™ Standard Size Chart*

size (mm)	actual throat size (sq.m)	ventilation area (sq.m)
500 X 500	0.25	0.081
600 X 600	0.36	0.095
800 X 800	0.64	0.122
900 X 900	0.81	0.136
1000 X 1000	1	0.149
1200 X 1200	1.44	0.176
500 X 800	0.4	0.102
500 X 900	0.45	0.104
500 X 1000	0.5	0.112
600 X 800	0.48	0.108
600 X 1200	0.72	0.136
800 X 1200	0.96	0.149
900 X 1200	1.08	0.156

* Includes ThermoLite™ PLUS. Other sizes available
